GOURMET STEAKS & TEXAS GIFTS

WWW.TASTEOFTEXAS.COM

The image shows four raw steaks, likely Texas briskets, arranged on a white surface. The steaks are thick and have a rich red color with visible marbling. The text is overlaid in the center, featuring a decorative, calligraphic font. The background is dark and out of focus, suggesting a kitchen or dining setting. A small white dish with a green herb is visible in the bottom right corner.

The dinner table has
always been the heart
and soul of Texas.

DEAR FRIENDS,

This year marks our 47th year in business. We have found that there is nothing better than a gathering of friends and family with great steaks, and there is no gift more thoughtful than the finest *Taste of Texas*® steaks, aged to perfection. Send the gift of Texas hospitality to delight your clients, employees, friends, and family.

Since opening its doors in 1977, the Taste of Texas has become world famous for steaks. We sell only *Certified Angus Beef*® – the top 3% of all beef qualities – known for exceptional taste and quality.

We believe there are four components of a truly great steak:

Marbling: Our beef meets the strictest marbling standards, resulting in a full flavored and especially tender steak.

Age: Most distributors age their beef less than 14 days. We age our beef 40+ days in a state of the art facility to fully unlock its flavor and quality.

Trim: Our stringent trim specifications result in a tender, juicy, and flavorful steak that is as lean as possible.

Preparation: Each gift box comes with Gourmet Grilling Instructions and our Signature Steak Seasoning. We also offer special sides and accompaniments, such as Bacon-Wrapped Quail Bites and Herb Garlic Steak Butter.

Place your order online at TasteofTexas.com, and we will package it beautifully and send it to your recipient's door. Our steaks and personalized knives make memorable corporate gifts and are a perfect way to thank customers and reward employees. If you need any assistance or have any questions, please contact us at support@tasteoftexas.com or 866.TX.STEAK.

As always, we guarantee each gift and strive to bring you the highest quality steaks, concierge service, and the most enjoyable experience for your dollar.

We appreciate your business,

Edd & Nina Hendee

Texas T-bone This steak is easily identified by its T-shape bone. Featuring a Filet on one side of the bone and a Strip on the other, many find this to be the best of all worlds. It comes from the center section of the short loin, just behind the Porterhouse.

New York Strip When the tenderloin has been removed from the short loin, the remaining meat is known as a shell steak. Shell steaks are called by a variety of names, such as Strip Steak, New York Strip and Kansas City Strip. Noted for its intense beefy flavor, the Strip is our house specialty.
